UNFINISHED BUSINESS:

The seconding reading happened for the corrected ordinance. Don Barger made a motion to approve this ordinance, Dan Dieringer seconded this motion. After a roll call vote the motion passed unanimously.

The example ordinance for the fireworks is moved to next month due to the incorrect paperwork.

The permit protocol was also moved to next month due to Charlie Trooter and Dan Dieringer not being able to meet with MTAS due to the previous winter storm.

Charlie continued from last month to speak on the industrial board. He stated we needed to have a meeting and get the word out about needing members and requirements for the board. Alderman Barger stated he had 7 people wanting to be on the board but after Colwell spoke to one and last months meeting that two people no longer want to be on the board. Charlie states that Don was breaking the sunshine law. Some people suggested to put it in the newspapers, water bill, Facebook post, and a flyer to get the word out about finding board members and how to become one if interested. There will be training for the board members in hopes of better understanding their position. We established to continue the discussion to next month's meeting after the board decided to have a special called meeting. That meeting will be for anyone interested in becoming a board member for the industrial board. That meeting will be held at the community center on March 12th @6p.m.
