DEPARTMENT/BOARD REPORTS:

Alderman Argo stated everything is going well with the water department, they are just working on a pump. Alderman Dieringer talked about getting an estimate for the lights at the park, a cover for the playground, and hopefully getting picnic tables every couple of years since the ones we have are falling apart. We need to have a schedule for when people can dump in the dumpster and make sure we go through checking for what can and can't go into it. Alderman Joyner stated how the roads were worked on, limbs were picked up, mowing and spraying was done, and the new speed limit is 35 going towards McKenzie. Joyner also brought the attention to City Recorder Virginia and how she has been here a little over 6 months and wanted to raise her from \$16 to \$17. Joyner contacted Dana Deem and asked what other towns were paying their recorders. Motioned by Dan and seconded by Don, after a roll call the motion was passed unanimously. Alderman Lyell stated the van is still being worked on, they are just waiting for parts to come in to finish it. Alderman Barger stated Mike is working 16-20 hours a week and Steven will be working the same number of hours once he gets back from vacation. Everything else is going well besides people speeding.

CITIZEN/PUBLIC BUSINESS:

SUSPENSION OF STANDING RULE ON AGENDA ITEMS:

UNFINISHED BUSINESS:

Gabrielle Davis spoke on the new budget for 2025/2026. The second reading was motioned by Alderman Barger and seconded by Alderman Dieringer. After a roll call vote the motion passed unanimously.

NEW BUSINESS:

Kandi King came and asked for her water bill to be adjusted. Her bill was \$487 from having a leak that ended up being on two different bills. After the adjustment it lowered her bill to \$230. The leak is fixed.

Jenni Lynn came and spoke on the speeding, dumpster, and what Gabbie said to her. She stated she wanted to know what we can do about the speeding, she has kids and there's more children on the same street. Jenni said they slow down when they see the cop but when there isn't one, they speed down the road. The board stated we would look into getting more signs to let people know the speed limit and children at play. She stated maybe getting some speed bumps to help slow people down. Jenni brought up the dumpster and how it's never empty. She said they finally got to go and dump their trash that's been sitting in their yard for forever since the dumpster was never empty. Jenni also wanted to make the board aware of how Gabbie spoke to her when coming in to pay her water bill. Jenni was not happy about what was said, the board didn't address this situation at the time.

John Quinn came in and spoke at the town meeting. His topics were police department, ordinance, and industrial zoning. John Quinn stated would should get rid of the police department and asked why we had so many police cars but no one to drive them? Quinn suggested we sell the cars and take that money and put it towards something for the town, like sidewalks. Quinn then talks about the industrial zoning and how it's only for fields unless there is a business. Then talks about how changing an ordinance has to be posted 21 days before a public hearing instead of 15 days of a public hearing. Quinn also asked who he needed to contact about someone breaking an ordinance in this town. He stated he didn't want it to get swept under the rug or nothing get done about the situation. Quinn then goes to ask who is training us at city hall and Alderman Barger said it's a learning process and learn as you go.
